Greetings to the Young Minds,

Chapter VI invites delegates to step onto the floor with conviction, challenge prevailing perspectives, and experience a conference where diplomacy meets purpose.

Looking forward to seeing you all at ILNUMUN Chapter VI.

Best Wishes, The ILNUMUN Committee

WHAT IS MUN?

"At Model UN, you broaden your horizons. By learning and networking, you can be part of the UN's efforts to establish peace, secure human rights and enable all people to live in dignity."

— António Guterres, United Nations Secretary-General

Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real-world issues with the policies and perspectives of their assigned country.

These conferences are organized by universities, high schools, non-profit organizations, and other educational groups.

The purpose of the Model UN is to provide an interactive educational experience that teaches in an interesting and enjoyable way about the United Nations. The process affords participants an understanding of how the process of international debate and negotiation that we commonly call diplomacy functions.

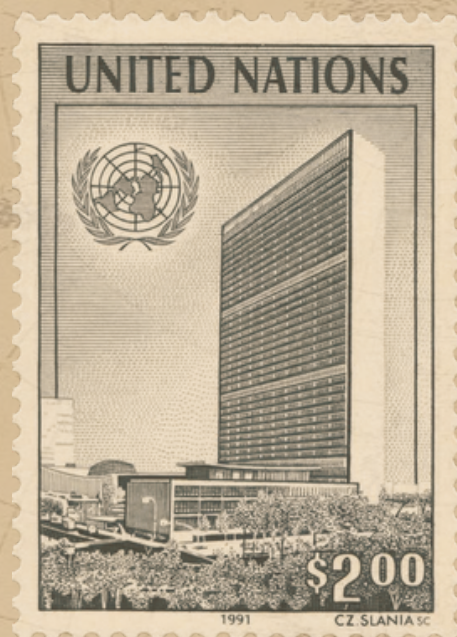

The simulation of diplomatic processes is especially important in this post-Cold War period when the world is quickly becoming more interdependent. In this interdependent world, Model UN makes for informed global youth who not only understand the decisions their nation makes but also how those changes affect politics nationally, regionally, and globally.

Model UN is not a program just for interests such as International Affairs or Political Science. The broad nature of the skills learned cuts across nearly all majors and it is valuable for any student interested in international negotiation and policy-making.

ABOUT ILNUMUN

ILNU MUN, aligning with its global perspective mission, cultivates intellectual discourse through Model United Nations (MUN) Conferences. The ILNU MUN Society, a collaborative effort between students and faculty orchestrates immersive experiences. Serving as a training ground, MUN hones students' skills in tackling various global issues. Prior ILNU MUN successes have set a benchmark, earning local acclaim and enhancing our institution's reputation.

ILNU MUN's impact, with hundreds of participants and collaborations with UN entities, extends through hospitality, rewards, and inclusive events, reflecting our commitment to excellence and fostering a vibrant campus culture. ILNU MUN's holistic approach transcends traditional boundaries, encouraging interdisciplinary interactions and fostering unity among students with diverse majors.

The upcoming VIth edition extends an open invitation to all students to immerse themselves in this exhilarating experience. Contribute to the legacy, leaving your mark on an event set to outshine its predecessors, offering an opportunity to push boundaries and establish new benchmarks for excellence
